

ESSENTIAL SAFETY CHECKS FOR PROS OF THE TRADES

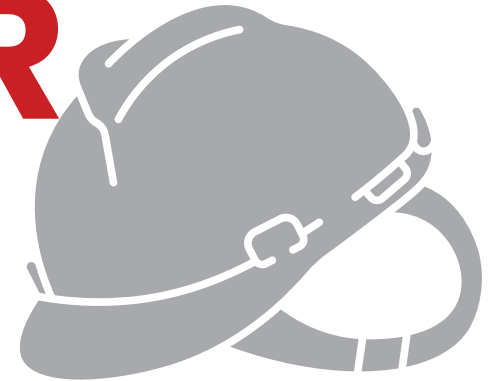

Start 2025 Safe and Strong.

Safety Prep Checklist

UPGRADE YOUR SAFETY GEAR

Replace worn gloves, goggles, and hard hats.

Keep extra PPE in your truck for unexpected tasks.

Stock weather appropriate and high-visibility gear.

PREP YOUR WORK VEHICLE

Restock first aid kits and emergency supplies.

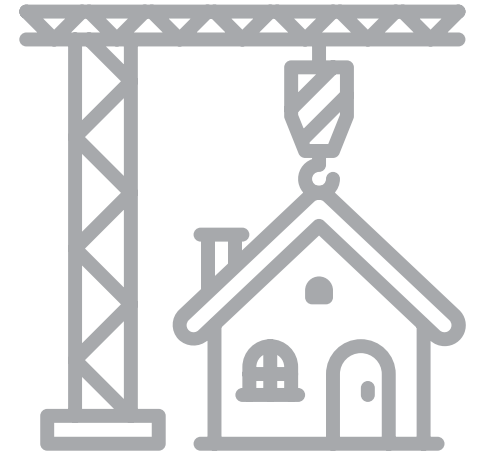

Secure tools and materials to prevent shifting.

Inspect tires, lights and brakes to avoid on-the-road hazards.

KEEP YOUR WORKSPACE CLUTTER FREE

Clear pathways of tools, cords, and debris.

Store tools safely when not in use to prevent falls and injuries.

Inspect ladders, scaffolding and fall protection gear before and after use.

CHECK TOOLS AND EQUIPMENT

Inspect tools for wear and damage.

Test and calibrate meters and gauges.

Replace worn out parts.

LEAD BY EXAMPLE

Prioritize safety during new worker onboarding.

Promote the S-T-O-P mindset: Stop. Think. Observe. Plan.

Encourage “See something, say something” behavior.

**STAY SAFE.
STAY SUPPLIED.**

**Which safety check will
you focus on first?**
